## THE M.O.S.T STORY

The 21st CCLC Advisory Group has initiated the formation of a network of people who will be able to connect to focus on Afterschool and Extended Learning and Enrichment Opportunities for kids in Wayne County during “Out of School Time”. This will be a loose network that will help us unite youth advocates across our communities.

## WHAT WILL WE DO?

- Network via e-mail and social media
- Meet 2 or 3 times a year (optional)
- Share resources and program schedules(web based idea sharing platform)
- Advocate for the needs of kids- our local, state and regional leaders need to hear what our kids need!(Listserve for advocacy and awareness)
- Celebrate success and promote the good work that is done for kids(press releases and information to community and school leaders)

# NEW YORK STATE NETWORK FOR YOUTH SUCCESS

The Network for Youth Success supports all programs that promote young people’s intellectual, social, emotional, and physical development outside the traditional school day. These programs include those that serve youth in kindergarten through 12th grade, take place in schools and/or in community-based settings, and occur before and after school, during weekends, holidays, and summer breaks, or during the school day through partnerships with community organizations.

*4-H Camp Beechwood:  
Operation Camp From Home*

This year, in light of the Coronavirus Pandemic, counselors and staff worked together to provide a safe camp experience for all by offering 4-H Camp Beechwood: Operation Camp from Home. With continued emphasis on environmental education and social/emotional wellbeing, 30 campers (registration capped and quickly filled) experienced an alternative camp experience the week of July 6th that incorporated previous camper's favorite parts of camp including opening and closing circles, cabin time with a counselor, guest presenters, and recreation activities, along with a daily video introduction to different aspects of Beechwood State Park.
